The symbol was prepared by the artists, designers and teachers of the Tajik State Institute of Fine Arts and Design.

On both sides of the symbol, the word “State Independence of the Republic of Tajikistan” is written in Tajik and English, and the years of the establishment of independence of Tajikistan and its 30 anniversary – 1991 – 2021 is displayed in numbers.

The number 30 on a gold background with the national flag is depicted at the center of the symbol. On the upper part is the symbol of Tajik statehood -the crown, which stands on the base of snow mountains.

The lower part of the symbol illustrates the country’s significant achievements, in particular the strategic goals of the government, the development path of the country and hydro units.

Evergreen trees, valleys, foothills and gardens are depicted in the middle of the symbol as a sign of rural development which also reflect the paradisaical nature of our country. The crown, number 30, clear sky and mountains reflect the atmosphere of peace and stability of independent Tajikistan.

Ministries, government agencies, institutions, organizations, executive bodies of state authority, provinces, districts, and cities, and the mass media can use the symbol of the upcoming celebration of the 30 anniversary of state independence.
